Abstract
Alumni portal is for the family of the same college student. The students study in college, get the degree, leave it and get the job. After that even they wish to contact their ex-friends, college or teacher, they can't do. So this Alumni portal is for that, so that students, teachers and college can attach with each other and can share the updates by advance communication way.

Keyword: database, login, search Engine, online, web based

INTRODUCTION

This system is a modern way through advance technology due to which the information of each and every student as well as the updated information of college is available. By this system the information can be easily passed one another. It helps both college and student. The online way gives update service to students.

A. Scope

This system can be used as the Office of Alumni and College Relations seeks to protect the privacy of its alumni and friends, and thus, endeavours to safeguard the use of information in its custody. To that end, the Office of Alumni and College Relations provides constituent information to requestors only under the conditions.

B. Overview

This system is for the ex-students who have on some top sit or may be if they have any difficulty. It shows and solves specific and functional requirements. It helps the college and regular students about opportunities and current affairs about industries. Once a student graduates from the institute, his/her professional life or career begins, with higher education playing an important role in establishing himself/herself in the profession. In respect of College, it has been our experience that from the very beginning, the alumni have maintained personal contacts with one another, rather than use the channel of Alumni Association. The advancements in information technology have certainly helped in creating new resources such as alumni web pages, list servers etc., so as to permit greater interactions between the alumni.

C. Need for Better Alumni Systems

Alumni system is really working as a magical postman. Through this portal you can share your ideas, photos, current updates with your friends or anyone related with your field may be personal or professional. It gives a perfect space for you to express yourself. But only need is, it should be used majority. All ex-students and regular students should use it for their whole life.

LITERATURE REVIEW

For the Alumni Portal We have observed some current alumni portals.

A. Harvard Alumni Portal:

Front page of this portal shows the features like login tab so that the alumnus can login easily, ways to connect for connecting the
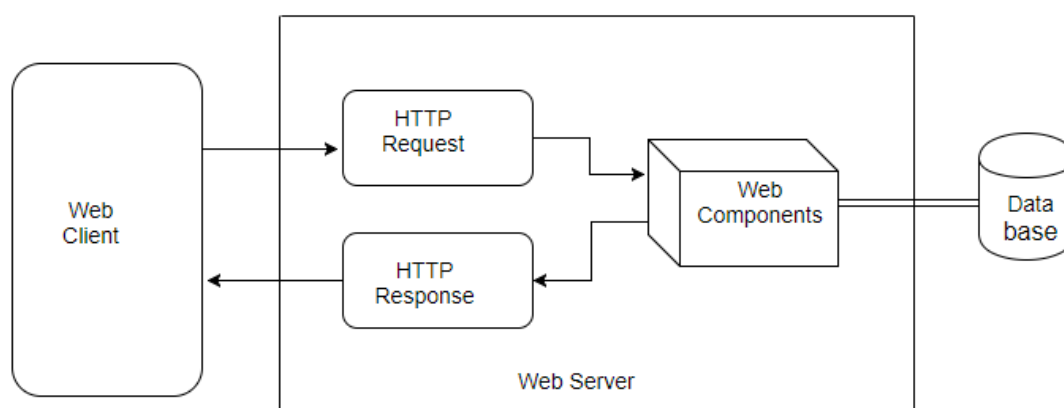

junior and the pass out students, make gift for various occasions like birthdays or anything else. With that Harvard provides Features News for surrounding information's, Lecture details which describes the schedule, events and the Notice are displayed on home page itself with the present event. It gives chance to all ex-students so that they can help their former college by using their update knowledge of their field through guest lectures.

B. IIT Kanpur:
It proves a perfect space or platform for user so that user can adjoin their friends.

User can reverse their memories. User can easily get feedback by their field mates. And Features are Gallery present on the home page; visit for guide allocations is given so that the junior student can get the solution or the advice for their difficulties. And Notice with highlighted form is shown for better visualization. Also gives the Donor Initiative Chance. And IIT KANPUR shows information events about present on every page where the current events are highlighted also there is a separate women alumni convention and that is the unique feature.

SYSTEM ARCHITECTURE

OBJECTIVE AND SCOPE
A. Objective
Alumni's are:
- A valuable source for referral recruitment.
- A goodwill and PR (public relation) factor - the surviving students will view the treatment of their ex students as an indication of how they would be treated in a similar situation.
- If ex-students are working in a multinational forum, then they can share and guide their experience to the regular students. Thorough this,

regular students also have a bright future in their field.

B. Project Scope:
- This alumni portal would provide common platform to interact students, alumni and college altogether.
- Portal provides dynamic feature such as active user status, chat rooms, personal chatting & messaging
- Virtual alumni meetings
- Job posting
- Internships
- Industry sponsored projects

- Entrepreneurial guidance.
- Online expert lecture videos

CONCLUSION
The Alumni portal increases interaction between the former students and regular students and also college. It can share the knowledge as well as ideas and thoughts. This Alumni portal shows the importance of communication using network in computer age or digital age for everyone's progress.

ACKNOWLEDGMENTS
It gives us great pleasure in presenting the Survey Paper on "Survey on Alumni Portal." I would like to take this opportunity to thank my internal guide Prof. S. S. Shinde for giving me all the help and guidance I needed. I am really grateful to them for their kind support. Their Valuable suggestions were very helpful for us.
